Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i> Touchpoint <i>What part of the service do they interact with?</i>	• Visits the application website. • Enters personal and financial details. • Submits the application.	Waits for the system to analyze the data. Machine learning model processes the information. Prediction is generated.	Views the approval/rejection result. Understands the outcome. Takes the next step based on the result.
Customer Thought <i>What is the customer thinking?</i>	• "Will I qualify for a credit card?" • "Have I entered the correct details?"	• "How long will this take?" • "Is the prediction accurate?"	• "Why was my application approved/rejected?" • "How can I improve my eligibility?"
Customer Feeling <i>What is the customer feeling?</i>	• Curious • Hopeful • Slightly anxious	• Excited • Nervous • Expectant	• Happy if approved • Disappointed if rejected • Motivated to improve eligibility

Process Ownership <i>Who is in the lead on this?</i>	Stage 1 User / Web Application	Stage 2 Machine Learning Model & Flask Backend	Stage 3 Prediction System & User
Opportunities <i>How can we improve this stage?</i>	• Validate user inputs instantly. • Improve UI/UX.	• Reduce prediction time. • Provide confidence score.	• Explain prediction results. • Suggest ways to improve eligibility.
